Números Toll Free

800 numbers (toll-free numbers) are telephone numbers that begin with one of the following three-digit codes: **800, 888, 877, 866, 855, 844, and 833**.

These toll-free numbers allow callers to contact businesses or individuals **without being charged for the call**.

The cost of using a toll-free number is covered by the **receiving party (the toll-free number owner)** rather than the caller.

With **800 numbers**, calls can be routed directly to your business or personal hotline. We also offer **coverage in more than 50 countries**.
